

# DrRacket Version Tool

Version 8.6

August 4, 2022

`(require version/tool)`      `package: drracket`

The `version/tool` library implements a DrRacket tool that

- makes the patchlevel display as a version  $p\langle N \rangle$  suffix in DrRacket (though the base version reported by `(version)` is not changed);
- if enabled by the user, periodically checks whether a new Racket distribution is available for download.
